4:50 PM

Thanks for contacting Google Support! My name is Arleen. Am I chatting with Devon?

Devon Woodson

4:50 PM

sure are! hi Arleen, how are you today

Arleen • Support Specialist

4:50 PM

I'm doing great. Thanks for asking. How about you?

Devon Woodson

4:51 PM

i'm alright. a little perplexed. think i have some security issues. i'm currently locked out of my phone but i know i havent changed my pin.

Arleen • Support Specialist

4:51 PM

I'm sorry to hear that you're locked out of your device.

Arleen • Support Specialist

4:51 PM

Before we proceed, I just want to verify that the associated email address that we'll be working on is dwoodson92@gmail.com?

Devon Woodson

4:52 PM

yes that's correct! i'm already in find my device trying to factory reset it. i can literally ping the ringtone but the reset doesnt seem to want to go through

Arleen • Support Specialist

4:52 PM

Thanks for confirming.

Arleen • Support Specialist

4:53 PM

Since you're about to perform a factory data reset, would you like me to guide you through the steps using your device's buttons?

Devon Woodson

4:54 PM
yes please!

Arleen • Support Specialist

4:55 PM

Sure! I'll be more than happy to assist.

Arleen • Support Specialist

4:56 PM

1.If your phone is on, turn it off. 2.Press and hold the Volume Up button and Power button at the same time for 10-15 seconds. For Pixel 6 and newer devices: Press and hold the Volume Down button and Power button at the same time for 5-10 seconds until the "Fastboot Mode" screen shows, If you hold the buttons for too long, the phone restarts. If this happens, try again from step 1. 3.Use the volume buttons to change the menu options until "Recovery Mode" is displayed on screen. To select, press the Power button once.

Arleen • Support Specialist

4:57 PM

By the way, I would like to set proper expectations, Devon. If we perform factory data reset your files might be erased so we highly advise you to back up your files first.

Devon Woodson

4:58 PM

how might i do that? through drive? i dont see the pixel showing up there

Arleen • Support Specialist

5:00 PM

I understand

Arleen • Support Specialist

5:00 PM

You can try to check if the back ups are there.

Arleen • Support Specialist

5:01 PM

Please go to drive.google.com

Arleen • Support Specialist

5:02 PM

Do you have other device that you can use, Devon?

Devon Woodson

5:02 PM

i'm just on this computer with you

Arleen • Support Specialist

5:04 PM

I see. You can try to log in your account in drive.google.com and check if your files from your device was backed up.

Devon Woodson

5:04 PM

ok i made it in recovery mode.. now when i got in the fastboot mode screen i did see the status was set to locked but now in the recovery mode screen it is says 'no command'

Arleen • Support Specialist

5:05 PM

Great! Let's move to the next step.

Arleen • Support Specialist

5:05 PM

4. On your screen, "No command" is displayed. Press and hold the Power button. While you hold Power, press the Volume Up button and let go of both buttons quickly. 5. Android Recovery options should be displayed. With the volume buttons, scroll to "Wipe data/factory reset" and press the Power button. 6. With the volume buttons, scroll to "Factory data reset" and press the Power button.

Arleen • Support Specialist

5:08 PM

7. With the volume buttons, scroll to "Factory data reset" and press the Power button. Factory reset should start. At the bottom of your screen, when the reset is finished, "Data wipe complete" is displayed. 8. With the volume buttons, scroll to "Reboot system now" and press the Power button. 9. To set up your Pixel, after the phone completes the OS install, tap Start. 10. Follow the on-screen instructions to set up your phone and restore your backed-up data.

Arleen • Support Specialist

5:08 PM

Please let me know once you're done.

Arleen • Support Specialist

5:11 PM

We're still here to help.

Devon Woodson

5:11 PM

i'm all done just waiting on the phone getting ready

Arleen • Support Specialist

5:12 PM

Awesome! Please let me know once done, Devon.

Devon Woodson

5:12 PM

Imao its asking for my previous pin again

Arleen • Support Specialist

5:14 PM

I apologize for the inconvenience this has caused you, Devon.

Arleen • Support Specialist

5:15 PM

When you perform a factory data reset, you must be able to access your device, Devon.

Arleen • Support Specialist

5:16 PM

We apologize, but for your privacy and security, we don't have the tools or option to bypass your device's security settings.

Arleen • Support Specialist

5:18 PM

In Find my device, do you see an option to change the password?

Devon Woodson

5:18 PM

there was an option to log in with email and password so i chose that. i'm back in my phone now

Arleen • Support Specialist

5:19 PM

Were you able to log-in, Devon?

Devon Woodson

5:19 PM

indeed 😊

Arleen • Support Specialist

5:20 PM

Oh, that's great! Were you able to access your phone?

Devon Woodson

5:20 PM

i am! do you want to try a test sms? also can you help me qualify for the Pixel 9 Pro Fold??

Devon Woodson

5:21 PM

i only ask cause i know i dont have good credit or a job smh

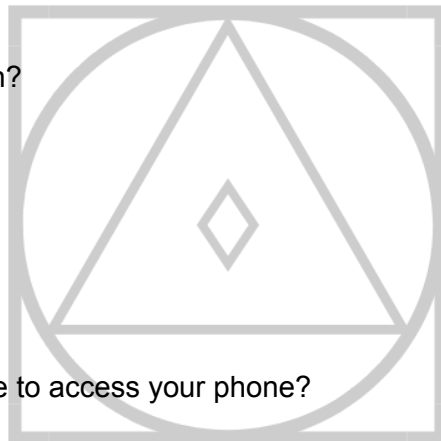

Devon Woodson

5:21 PM

but i have funds i should clarify

Arleen • Support Specialist

5:22 PM

No, it's fine. Are you referring for trading in your device?
